# MineralTree Payments for Acumatica

Simple, speedy, and secure AP bill payments for Acumatica that keep you in control

MineralTree Payments for Acumatica is an integrated payments solution that helps your back office operate more efficiently, while reducing the risk of payments fraud. With 2-way Acumatica integration, MineralTree Payments lets your AP team easily review and authorize payments for posted bills. In a few clicks, payments are sent via check or secure digital payments (ACH or cash-back virtual cards) ensuring that vendors are paid via their preferred payment method. Payments can also be scheduled, giving you greater control over your cash.

With MineralTree Payments, you can:

- **Improve AP efficiency** and productivity by eliminating manual processes
- **Reduce AP costs** by eliminating errors and overpayments while earning rebates
- **Simplify vendor payments** while protecting AP against fraud with secure digital payments
- **Improve vendor relationships** with timely and accurate payments and collaborative virtual card enrollment

1 Accounting System
Sync AP bills from Acumatica

2 MineralTree Payments
Authorize & send payments

3 Payment Services
MineralTree facilitates virtual card inquiries & acceptance

Card   **Check**   **ACH**   **International**

FEATURES

2-way sync with Acumatica – Posted bills and vendor credits sync to MineralTree for payment, and applied credits and payments sync back to Acumatica to maintain a single source of truth

Automated check, ACH, and virtual card payments – Pay your vendors how they want to be paid. International wire support for 70+ countries is optional

Secure payments – Reduce the risk of fraud by eliminating manual paper checks, and shifting more spend to secure virtual cards. Our platform is PCI DSS Level 1 certified

Direct-debit funding – No settlement account or pre-funding required. Quickly pay bills while maintaining control over your bank account
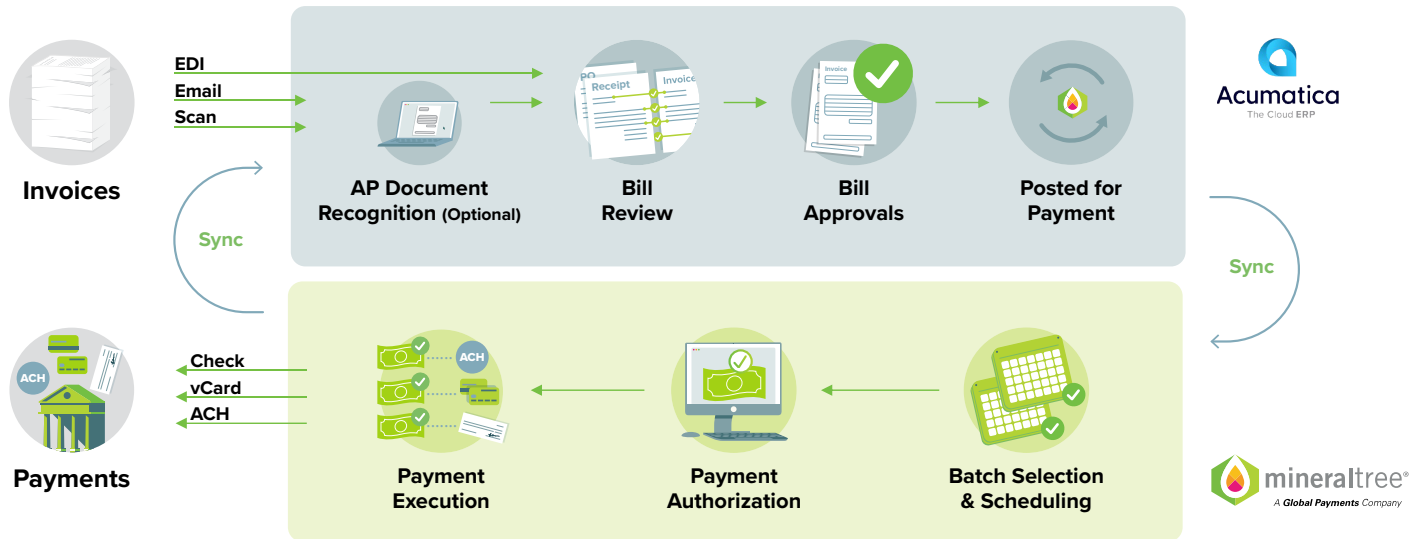

Cash-back rebates – Earn rebates on virtual card spend to further reduce payment processing costs and accelerate your ROI

Powerful payment services – Our payment services team works with you to quickly onboard key vendors that aren't already in our network

Check Positive Pay – Our solution makes implementing Check Positive Pay with your bank easier, further protecting against fraud

Make MineralTree Payments Part of Your Acumatica Workflow

MineralTree Payments easily integrates with your existing procure-to-pay workflow for any PO or non-PO invoices, whether you're using Acumatica's built-in AP Document Recognition or third-party software to capture and enter bills, or even manually entering them into Acumatica. Once bills are reviewed and posted in Acumatica, they can be paid from MineralTree.

After an initial setup led by your dedicated Implementation manager, your Acumatica environment will be ready to sync vendors, credits, payment types, and posted invoices to MineralTree. Once invoices are paid in MineralTree, any applied credits and paid invoices will sync back to Acumatica to maintain your single source of truth. Our platform is PCI DSS Level 1 certified and SOC 1/SOC 2+ compliant to ensure your payments and data are secured. Our team is ready to provide you with the support and resources you need to be successful.

SilverPay: A virtual card program that works

SilverPay is MineralTree's fully-managed virtual card program and the best digital payment option available with MineralTree Payments. Virtual cards help you pay invoices quickly and efficiently, lowering payment costs and earning cash-back rebates on every payment. Vendors prefer virtual cards because they can often be processed the same day they are sent. MineralTree virtual cards are backed by a professional Payment Services team that helps enroll vendors and works with you and your vendors to optimize payments and benefits for both.
